

- We have 5 pt space in front of the label.

Here is a second paragraph for comparison.

---

- The item text is 20 pt indented and the label starts flush left.

A second paragraph.

---

1. Outdented label with the text set flush left.

Here is a second paragraph.

---

**Label**      With description this has an ugly hole and gives a warning.

---

**Label** Much better now.
